

# COLOR COORDINATED

**Whitney Durham**, of **Whitney Durham Interiors**, has designed spaces in the Atlanta area and throughout the Southeast—ranging from complex home renovations to more intimate small projects. Her love of original art and color, combined with special antique and vintage finds, are the foundation for her memorable projects. Whitney’s design aesthetic is often described as fresh, traditional and approachable with a modern twist. Energized by her clients, Whitney thrives on bringing spaces to life with design that is equally beautiful and functional.

Whitney’s projects have been spotlighted by *The Cottage Journal*, *Atlanta Magazine HOME*, *DOMINO Magazine* online and *Modern Luxury Interiors Atlanta*. She was selected by Ballard Designs to be interviewed on their popular “How To Decorate” podcast.

A proud graduate of Auburn University, Whitney maintains a consistent client base cultivated by organic referrals. Interiors are Whitney’s true passion, exceeded only by her love for her husband, young boys and chocolate lab.
